

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Plans and Specifications and Advertisement for Bids for Traffic Signal and Lighting Installation, Turner Road and Lower Sacramento Road/Woodhaven Lane, and "No-Parking" Zones on Turner Road and Lower Sacramento Road/Woodhaven Lane

MEETING DATE: April 21, 1993

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council approve the plans and specifications for the above project and authorize advertising for bids, and adopt a resolution prohibiting parking on the south side of Turner Road, west of Woodhaven Lane, and east side of Lower Sacramento Road/Woodhaven Lane.

BACKGROUND INFORMATION: This project will include removing the four-way stop signs and overhead flashing beacon and installing a traffic signal at the intersection of Turner Road and Lower Sacramento Road/Woodhaven Lane. A flashing "signal ahead" beacon will also be installed on Turner Road west of Lower Sacramento Road/Woodhaven Lane for eastbound traffic.

Staff is recommending "no-parking" zones at the following locations to accommodate the striping shown on Exhibit A:

°East side of Woodhaven Lane north of Turner Road (340 LF)

°East side of Lower Sacramento Road south of Turner Road (90 LF)

°South side of Turner Road west of Lower Sacramento Road/Woodhaven Lane (130 LF)

Many years ago, the City Council approved standardizing the signal controllers. The controller is the computer that operates the signal timing. The current vendor has changed ownership many times over the years and the City is not receiving the support needed to maintain and operate the signals. Due to this poor service, staff recommends changing to another vendor. Sometime in the near future, staff will be recommending standardizing on controllers.

This intersection meets the Caltrans signal warrants and is being funded with Federal funds and Street Development Impact Mitigation Fees. The project estimate is \$26,000 more than the current appropriation. A recommendation for the additional funding will be made at the time the project is awarded.

APPROVED

THOMAS A. PETERSON
City Manager
